Somewhat_ - November 2014 - April 2015
Midweight UI Designer

PERSONAL STATEMENT

I am a passionate, ambitious and enthusiastic individual with a passion for pixel perfection, user interface and user experience design.

Over the past couple of years I have had the great pleasure and opportunity to work on some very exciting and innovative projects for clients such as Argos, Costa Coffee, Sainsbury's, BBC, Chelsea FC and Manolo Blahnik. This has enabled me to evolve from a creative individual into a competent, versatile and highly skilled designer, giving me the ability to develop ideas and concepts into effective and practical design solutions with meticulous attention to detail.

I am now seeking an innovative and creative environment preferably in a team, that has the potential for personal growth within an employment opportunity.
